Zkin Glycolic Gel: This 5% glycolic gel gently exfoliates the dead cells from the surface of the skin without leaving it dry and inflamed.

Alpha Serum: The serum is essential when beginning any skin care regimen and it is an excellent periodic treatment for fighting a dull complexion and maintaining its freshness.

Zkin Cleanser: This gentle cleanser contains mallow and St. Johns Wort extracts. This herbal cleanser is soothing and regenerative. It removes unwanted debris without stripping the skin of essential oils leaving it clean and moist.

Zkin Lift Day Cream: The light texture cream is ideal for daily use. It is rich sugar cane AHA, which is a gentle exfoliating agent, balanced with a high content of mucilage which makes it highly moisturizing. The key ingredient in this product is Drieline, a biotechnologically purified extract of yeast wall used to supplement and reinforce the natural defense mechanisms of the epidermis.

Zkin Eye Lifting Gel: This refreshing eye gel combines natural plant extracts to help reduce the appearance of puffiness and wrinkles around the delicate eye area.

Phyto-energy Zkin Care: this moisturizing cream is formulated with regeneration phytoamine biocomplex, a registered compound made from the famous "Mexican skin tree".

Zulfur Cleansing Bar: This soap bar combines cleansing with salicylic acid to gently exfoliate the skin and prevent the formation of comedones.

Zkin White Cream: This skin-whitening complex is a vegetable blend of bearberry, a fungi extract and grapefruit AHA. Bearberry contains 20% arbutin, a hydroquinone derivative, which inhibits tyrosinase a key enzyme in the formation of melanin.

Zkin White Serum: This serum combines the whitening vegetable blend found in the cream but in a gel form.

Zun Protection: This thick cream contains titanium dioxide and zinc oxide to reflect the damaging rays of the sun. It also contains camellia and jojoba oils which is high in unsaturated fatty acids providing moisture and nourishment to the skin.

Regenerative Zkin Serum: This serum is directed towards mature and dry skin although it can also be used by younger skin to maintain appropriate moisture levels.

Zkin Toner: This toner combines the exfoliating properties of both glycolic and salicylic acids to gently remove debris and dead cells from the surface of the skin.

Julio F. Gallo, M.D., F.A.C.S.

Julio F. Gallo, M.D., specializes in facial plastic surgery. He completed his fellowship in facial plastic surgery with Dr. Simons and is board certified by the American Board of Otolaryngology and by the ABFPRS.

Dr. Gallo is a graduate of the University of Chicago—Pritzker School of Medicine. He completed both an internship in general surgery and his residency in otolaryngology/head and neck surgery at Jackson Memorial Hospital at the University of Miami. He earned his undergraduate degree at the University of Miami in 1985, graduating summa cum laude in biology/religion.

Dr. Gallo has published many articles in medical journals and frequently presents lectures at medical symposiums. His training included experience with laser techniques, endoscopic facial plastic surgery, and other minimally invasive procedures. He is trained in laser surgery for the elimination of wrinkles and vascular blemishes, as well as scar removal. Dr. Gallo also has extensive experience in reconstructing defects left after the removal of skin cancers.
